The Development of the Alphabet

For much of its history, Haitian Creole was primarily an oral language. It was only in the 20th century that efforts were made to standardize its written form. The first official orthography was adopted in 1961, which laid the groundwork for a consistent Haitian Creole alphabet. This standardization aimed to promote literacy, education, and cultural pride among Haitians.

Official Recognition

In 1987, the Haitian Constitution recognized Haitian Creole as an official language alongside French. This acknowledgment further emphasized the importance of a standardized alphabet to facilitate education and government communication in Creole.
